Dear Hugh,

I just wanted to drop you a note and let you know that I am extremely happy with the craftsmanship of your products. The qualities of Built-Right wood products, ranging from chapel furnishings to clocks and urns, are superior to any others I have used or seen. Not to mention, you're simply a nice guy. Thank you for your devoted service and I look forward to doing business with your company in the future.

Sincerely,

A handwritten signature in red ink, appearing to read 'Garry', is positioned above the printed name.

Garry R. Gilpatrick
